

WEASAND CLIPS

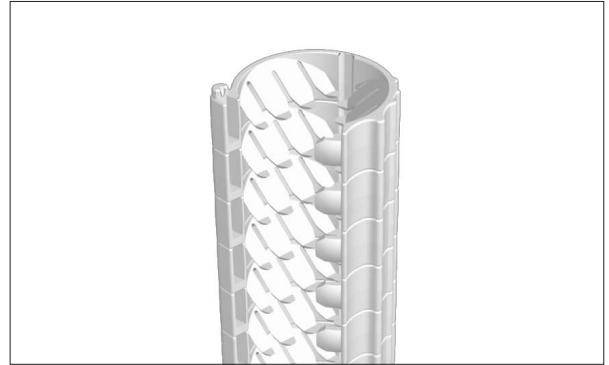

LOOSE

The Adept Lamb Clip is the most reliable and cost effective solution to control ingesta during ovine processing. Adept Weasand Clips are recognised as the international industry standard for ingesta control.

- > Closes to form a secure seal around the weasand (esophagus), preventing leakage
- > The weasand is cleared of contents during application
- > Fast and easy to apply
- > Proven to reduce contamination
- > FDA / EU food contact approved
- > Industry best practice
