

METAL DETECTABLE WEASAND CLIPS

LOOSE

CARTRIDGE

Adept has developed a Metal Detectable Lamb Clip that performs as effectively as our original Lamb Clip in sealing the oesophagus and preventing ingesta leakage. The clip can be detected (in its full form) by metal detection equipment.

With an increased importance now being placed on removing plastics and other contaminants from pet food and rendering raw material, Adept Metal Detectable Clips can quickly be identified and removed.

The Metal Detectable Lamb Clip is available in both loose and cartridge forms and is compatible with Adept's dispensing systems.

- > Closes to form a secure seal around the weasand (esophagus), preventing leakage
- > The weasand is cleared of contents during application
- > Fast and easy to apply
- > Proven to reduce contamination
- > Clip can be detected by all industry standard metal detection technology
- > Available loose or in 25 clip cartridge stack
- > Compatible with Adept Touchless or Manual Dispenser systems
- > FDA / EU food contact approved
- > Industry best practice

Product Code	0285-006 (Loose) 0664-006 (Cartridge)
Supplied	Loose: 6,000 clips / Carton (bulk packed) Cartridge: 4,000 clips / Carton (bulk packed)
Material	Metal Detectable Plastic
Colour	Blue
Carton Dimensions	Loose: L: 465mm, W: 320mm H: 325mm Weight: 14.2KG Cartridge: L: 310mm, W: 260mm H: 340mm Weight: 9.6KG
